iOS Software Developer Intern
Apple

How I Got The Position:

Apple and Meadowvale Secondary School started a pilot partnership to create co-op placements to satisfy the SHSM ICT Co-Op requirement for students enrolled. I along with 7 other students signed up for the placement at the co-op office.

Pre-Placement Work:

In addition to the

My Roles and Responsibilities:

Personally, I handle the majority of the work working every step of the way with the customer until they are completely satisfied. While I'm working on a new order, I apply skills and ideas that I learn in school including, the design process, Adobe Suite skills acquired from my communications technology course, brand marketing in addition to computer science skills to help create an efficient work flow. Below is a list of responsibilities I have.

My Roles and Responsibilities:
- *Connect with potential customers and work with them to create a design that meets their requirements.*
- *Create pricing schemes for customers based on order size.*
- *Make sample garments and present them to customers for further revisions.*
- *Manage Instagram account and connect with potential customers.*
- *Manage Online stores (using sub domains) for order fulfillment purposes.*
- *Design branding material using various Adobe Suite applications (Photoshop, Illustrator, After Effects)*
- *Create spreadsheets and manage financial accounts of the business.*
- *Fulfill and deliver orders to customers.*

Fulfilled Orders:
- *Meadowvale Secondary School FIRST Robotics Team*
- *Tomken Middle School FLL Robotics Team*
- *Ruth Thompson Middle School Musical Costume Department*
- *Meadowvale Secondary School Graduation Hoodies*
- *Meadowvale Secondary School Football Team Hoodies*
